

# Accessibility Plan

## January 2025

### Policy Review

This plan was adopted, reviewed and agreed by the Governing Board on 28<sup>th</sup> January 2025

It is due for review in Spring 2028 (up to 3 year from the above date).

Signature Chair of Governors:

Mrs K Redrup

*All the governors and staff of Binstead Primary School are committed to sharing a common objective to help keep the children and staff of the school community safe. We ensure that consistent effective safeguarding procedures are in place in order to support families, children and staff of the school.*

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which pupils with disabilities can participate in the curriculum
- Improve the physical environment of the school to enable pupils with disabilities to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to pupils with disabilities

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind. We want everyone to reach their potential and we recognise that for some pupil's extra support is needed to help them to achieve and be successful.

The plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, the complaints procedure sets out the process for raising these concerns.

### **Legislation and guidance**

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on their ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments, such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a pupil with disabilities faces in comparison with a pupil without disabilities. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

We look at how inclusive we are by identifying how we are performing against each of the twelve areas below and rank them according to achievement and progress. We then discuss our initial findings with staff, governors and the school council. Areas that are identified as red or amber are priority areas for action and are progressed by using an action plan which is monitored by governors and the senior leadership team and can be found as an appendices to the policy. However, we are not complacent, areas that are identified as either green or super green are also monitored to ensure that we maintain or improve those levels.

Achievements are highlighted as follows:

● **Self-assessment – how inclusive is your school?**
